

# VISITING SUPPORTERS GUIDE TO HUISSH PARK

**YEOVIL TOWN**  
FOOTBALL CLUB

# GETTING THE RIGHT TICKETS FOR YOU

We want to make sure the tickets you buy are the right ones for you. The following info will help you make the right choice.

## ADVANCED PRICES

Advanced ticket prices are available up to 3 hours before kick off . Ticket prices rise after this time to avoid queues at the ticket office so we advise all supporters to take advantage of the lower pricing by purchasing their tickets in advance of a match day.

## SCREWFIX STAND SEATING

The allocation of seats for visiting supporters is located in the Screwfix Stand and though covered, it is worth noting that in bad weather the first 4 rows are likely to be exposed to the elements so you'll need to dress appropriately if you are sat in these seats. Row AA is pitch side and P is at the back of the stand.

## RADIO CABS TERRACE

The Radio cabs Stand is an unreserved, uncovered Standing Terrace and as such we would advise it is not suitable for those with young children or for those unable to stand for long periods of time. As it is an uncovered terrace, you are exposed to the weather and as such we advise supporters to wear appropriate clothing if bad weather is forecast. Please note that the Radio Cabs stand will only be opened if we believe the travelling support cannot be accommodated in the seated allocation.

## DISABLED SUPPORTERS

There are 5 covered wheelchair bays available for visiting supporters, located in the Screwfix stand with assistant tickets directly behind the bays. Suitable seating for ambulant disabled supporters is also available in the Screwfix stand. A dedicated Soccer Sight Commentary is also available - please contact a steward on the day for a head set.

For further information visit our disabled supporters association website [www.ytfcdsa.net](http://www.ytfcdsa.net)
