Welcome.

Good afternoon and welcome back to Huish Park for this afternoon's game against Chesterfield. I'd also like to wish Paul and his team a safe trip home.

As I'm sure you are all aware by now, last week the club announced the sad news that Marcus Stewart has been diagnosed with Motor Neurone Disease. The outpouring of support that Marcus has been shown, from Yeovil fans and the wider community has been superb and I can only thank you all for that. Marcus was with us on Tuesday night, and he maintains the same desire to win as he has his entire career.

This afternoon, the players will be warming up in T Shirts highlighting the Darby Rimmer Foundation. The foundation does brilliant work in research of MND. Marcus and his wife Louise have set up a justgiving page (<https://www.justgiving.com/fundraising/louise-stewart254>) to support their outstanding work.

As ever, I'd like to thank our outstanding travelling support who joined us Tuesday against Eastleigh. We are well aware of the financial cost it takes to support a team home and away, and yet the numbers we see in that away end every week is nothing short of inspiring.

On the Eastleigh game, I felt we started well and I was pleased to see a clinical nature in us early on with Sam netting his first goal for the club. After looking threatening in the first half, I thought we went into ourselves a little in the second. We want to be the team that assets

ourselves and doing exactly that should be the standard we set.

This afternoon we face another tough test in Chesterfield. Paul is a very experienced manager who knows how to get the best out of his players. No team ever sits at the top of the league for no reason, so as ever we will need to be at our very best. We need you loud and behind us today. Stick with us.

Chris

Yeovil Town community hero.

James Dowding

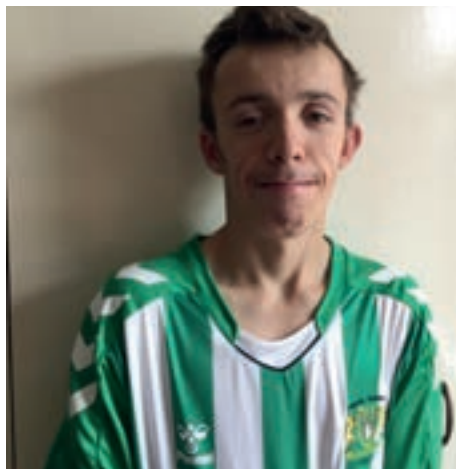

James was born in Yorkshire before moving to Somerset where he is now a huge Yeovil Town fan.

During his 22 years James has suffered some health issues that have effected him and made him subject and target of bullying during his school and college years in Yorkshire. In 2020 James and his family moved back to their family roots here in Somerset. At this time James had no confidence as a result of the impact of the bullying, he attended ARK in Merriott where he was mentored and assisted in developing his confidence and communication skills to the point he was supported in seeking a job on a local farm.

The support from ARK and his employees on the farm has really helped James in growing in confidence and enjoying each day. Once the football re started after covid James bought a season ticket with his dad who supported Yeovil Town as a young man and would attend the games with James Grandad.

James and his dad would attend every game last season together, supporting the Glovers through a difficult season, then tragically in May 2022 on the final day of the season, James Dad passed away. This as you can imagine was a huge blow to James and his family. James still finds it tough but has the strength to continue doing the things his dad was proud of James for doing. Working and following Yeovil Town Football Club. James has started to help with some football coaching in Merriott.

James has renewed his season ticket and still sits in his dads seat with his Mum Beverley, making memories. He has also convinced his mum that he

should attend as many away games as possible and is in fact joining in many community things where his confidence has grown tremendously.

Beverly his mum is extremely proud of James that he has found a way through the hurdles that have been in his way. She can't put into words how Chris and the team have made such a difference to James also , just by stopping and speaking to him and shaking his hand at away matches, they would have no idea what they are doing for James and probably many others. A picture at Wealdstone of Chris shaking James hand got him on twitter which made his day.

All these positive things are making James smile again and that is priceless, it's all therapy. Farming and football are in James blood and now he is allowed to follow those dreams.

If there is anyone that you think deserves special recognition, please nominate them for the Yeovil Town football Club Community Hero by emailing Mark at commercial@ytfc.net

U18's latest.

Under the guidance of Team Manager, Matt Percival, Yeovil Town's U18 got the season underway with their opening South West Counties Youth League game against Cirencester Town at Alvington.

Several returning second-year players have been joined by an exciting new crop of youngsters keen to make their mark as part of the Elite Player Development Programme (EPDP), a joint venture between Yeovil Town FC and Yeovil College. The Young Glovers set up with a 3-5-2 formation, mirroring the set-up within the first team, and afforded league debuts to Harrison Foster, Alex Stevens and Ethan O'Sullivan.

The game began in cagey fashion, with both teams sizing up the opposition during the opening exchanges. The home side nearly struck first when a knockdown from Stevens, following a corner, fell invitingly for Max Dyer who saw his close range shot expertly blocked by the keeper. Cirencester responded with a shot from distance firing just over, but Yeovil began to see an upturn in possession and threatened further through half chances from Foster and Stevens. Somewhat against the run of play, Cirencester scored the opener in the 20th minute, with a header direct from a corner, 0-1.

The Young Glovers were quick off the blocks to start the second half and Stevens and Bateson both went close before the mercurial Benjani Jr grabbed an equaliser on 50 minutes when he muscled past the defender before clipping a shot past the onrushing keeper, 1-1.

The good early spell was quickly undone when the ball broke down the Cirencester left on 55 minutes and home keeper Rob Hollard had a rush of blood but failed to intercept the ball on the edge of his box. The advancing striker was able to whip the ball across for an easy tap-in to make it 1-2.

The home side once again were keen to make amends and a great move through the middle involving Graziano released Dyer who slammed the ball home, only to see his effort harshly ruled out for offside. However, Yeovil were soon able to level the score when Bateson slotted a well-placed finish into the bottom corner to make it 2-2 on 70 minutes.

The Young Glovers continued to pile on the pressure and had further chances through Hunter and Bateson before the visitors, always a threat on the counter, got their third when a long ball up the middle was allowed to bounce and was clinically dispatched to make it 2-3 with less than 10 minutes left.

Percival sent on debutants Josh Haskett and Nathan Hart in search of an equaliser, but were indebted to, first, a fine block from Hollard and then goal-saving tackle from Dyer as they chased the game. With five minutes to go Yeovil got their third when a hooked shot from Graziano came back off the bar and Hart was on hand to head the ball home, 3-3. A frantic finale ensued with Benjani seeing his shot saved before Foster had a goal-bound effort dramatically cleared off the line by a defender as the final whistle sounded.

Credit the team for three times coming back from a goal down, but they'll be disappointed with the goals conceded.

Interview: Morgan Williams.

When Yeovil fans first saw Morgan Williams as a teenager making his first National league start against Halifax Town in 2019, they knew they were watching a bright young player ready to make his mark.

Fast forward to 2022, although it's just his second full season in men's football, Williams is already looking like a seasoned professional in the Glovers' backline.

Having starred at wing back and centre back this season, Williams is always ready to help the team where he can.

"Being able to play in a few positions helps massively, when I spoke to the gaffer at the start of the season, we both knew that I could play those roles, whether it be right wing back, full back or centre back. It helps me personally as it means I can get on the pitch, but anywhere I can help the gaffer out, I am always happy to do so."

Chris Hargreaves is the second permanent manager Williams has played under at Huish Park, and he is enjoying life working under the new boss.

"It's been really good, not just with him, but Toddy (Chris Todd), and Marcus (Stewart). All three of them are great people and top coaches, they've really helped me already."

As someone who has had a longer association to the football club than most, Williams is a player eager to help off the pitch too, making sure his new teammates can settle into the area.

"I always want to be one of the boys that helps. We've had a few loanees come in especially and I've got to know them really well. They're all really good lads."

"We've had one away trip where we stayed the night, and did a few initiation songs with them, we're just waiting for the next away trip to do some more."

"Hopefully this season we can do something special as a group."

In Town's last four games, they have conceded just two goals, despite a few changes in personnel, Williams has been an ever present, influential figure in these fixtures.

"As a team, we pride ourselves in getting clean sheets, for a defender that's my job first and foremost. If the boys are scoring at the other end of the pitch, that's a bonus, but when things aren't quite falling our way it's our job to keep the goals out, and find a way to at least get a draw."

"For us now, it's a case of bringing everything together for a complete performance. As fans can see, we've had some games where we have put good performances in but not quite had the result. We now need to put both sides of it together, and when that happens, we can fly up the table."

This weekend is an opportunity for the Glovers to climb the table, but it will be no easy task against top of the league Chesterfield. Amongst the Spireites squad is former Glover Joe Quigley who made the move to Derbyshire in January.

"Joe's a good lad so it makes for a good battle against two competitive teams. It's a battle I am really looking forward to. We seem to have a knack of performing against the top 8, the Wrexham's, the Chesterfield's, the Notts County's etc. We know that going into every game, if we prepare properly, we can go out there and perform on the pitch."

Last time out.

Yeovil Town picked up a point on the road against Eastleigh in a very wet Silverlake Stadium.

Sam Pearson ignited the game with his early goal, but it was the hosts who really set the tempo throughout.

J.J. McKiernan's second half goal levelled the affair, and despite being reduced to ten late on, secured them a point which was ultimately a fair reflection of the game.

Chris Hargreaves opted for three changes to the Yeovil side which lost to York. AFC Bournemouth loanee Owen Bevan made his debut at centre back, whilst Matt Worthington returned from injury in the midfield. Pearson started on the wing in his first start after a back injury.

Having struggled to take their chances in previous fixtures, the Glovers were clinical at the first attempt on Tuesday night. Pearson netted his first goal for Town on seven minutes after Malachi Linton pounced on the ball and found the Bristol City loanee who produced an excellent finish.

The goal sparked the hosts into life, who mounted a vast amount of pressure on Grant Smith's goal.

It was former Glover Tristan Abrahams who looked most likely to score in the first half for Eastleigh, forcing saves from our no.1 on three occasions.

At the other end, Linton and Charlie Wakefield both had shooting chances for the Glovers, but neither did enough to test Joe McDonnell in net for the Spitfires.

The second half saw Eastleigh up their intensity. With 67 minutes on the clock, Charlie Carter and John Oyenuga had shots that flew just over the bar as the Spitfires came ever closer to a leveller.

Less than ten minutes later, the hosts found the leveller through McKiernan, who drove through the Town defence and fired beyond Smith to set up a nervy finish.

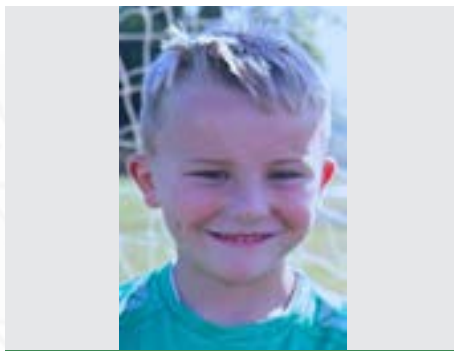

Eastleigh maintained their pressure, causing a number of scrambles in the penalty area, but the Glovers defence stood firm, clearing their lines on a number of occasions.

Late in the day, former Weymouth man Brennan Camp was sent off for an over zealous challenge on D'Ath. With just a matter of moments to play, the sending off had little bearing on the result.

Loan watch.

It was a successful midweek for Ollie Hulbert who made a goalscoring return in his first start back at Gloucester City.

The forward, who joined the Tigers on a one-month loan on Monday, joined to get some valuable minutes under his belt after returning from injury.

On Tuesday night, Gloucester hosted strugglers AFC Telford in National League North action.

Hulbert struck the second goal of the game as Gloucester ran out the 3-0 winners.
